

CAPABILITY STATEMENT

Overview

Headquartered 30 minutes from Washington DC, RoDa's executive team has supported 25 major Defense programs, collaborated with over 30 federal agencies, worked directly with the Secretary of Defense, and facilitated logistics requirements with our allies in Canada, Australia, the UK, and New Zealand. RoDa supports government customers with organizational development, training, and strategic engagement. We specialize in organizational alignment, leadership and development training, and stakeholder facilitation. Our President served as the U.S. Air Force's senior advisor for logistical planning and transformation. For more than 40 years, our team has worked with and trained over 25,000 government personnel, facilitating organizational improvements for more than 2.6 million end-users. Relevant. Reliable. Results- Driven.
