COMPANY OVERVIEW

RoDa Business Solutions (RoDa) is an award-winning company specializing in organizational assessments, workforce optimization, and operational support. Our results-oriented approach, led by PMP-certified teams, integrates Agile and Lean Six Sigma methodologies to accelerate delivery and enhance operational efficiency. We leverage data-driven insights, ISO 9001 standards, and a DCAA-compliant accounting system to improve governance, reduce risk, and align with compliance. With over 70 years of combined experience, RoDa's leadership delivers mission-focused solutions that optimize performance, empower the workforce, and strengthen customer experience across defense, civilian, and commercial sectors. We are trusted by our customers to help modernize operations, close capability gaps, and ensure readiness in fast-changing environments.
